

QwikDry® is comprised of small, natural, absorbent particles referred to as soil absorbers™. These soil absorbers are combined with Kleenrite's blend of superior cleaning agents and citrus solvent to produce this exceptional carpet dry cleaning compound. This product has an extraordinary anti-resoiling formula, and has been developed to handle any soil condition, from light maintenance to restoration cleaning, providing superior vacuumability™ and an all natural deodorizing system.

DILUTIONS

This product is ready-to-use.

DIRECTIONS
