

KLEENRITE CHEMICAL

Faster Cleaning • Better Performance • Safer Solutions®

Upholstery PreSpray SN provides the benefits of cleaning with alkalinity while eliminating any chance of alkaline related problems, such as browning. The ingredients contained in this product were carefully chosen for their compatibility with upholstery fabric and their performance against soils commonly found on furniture.

DILUTIONS

Do not dilute. This product is ready-to-use.

Note: It is recommended to use this product undiluted, with a light application. This technique will eliminate over-wetting, minimize moisture contact and accelerate drying time. In order to compare this product to competitive products, it may be diluted one part with four parts of water.

DIRECTIONS

- 1) Shake gently before use.
- 2) Always test for color stability before use.
- 3) Apply with a sprayer onto heavily soiled areas.
- 4) Allow to dwell for approximately 30 seconds.
- 5) Extract.

TECHNICAL DATA

pH at use dilution	9.50/6.50
Compound type	nonionic
Water solubility	complete
DOT restrictions	none
Freeze/thaw stable	yes
VOC compliant	yes
Shelf-life, years	10+

Upholstery PreSpray SN

[self-neutralizing pH, original formula]

AVAILABLE SIZES

US gallon . 55-gallon drum

ADVANTAGES AND USAGES

- ▶ Rapidly dissolves body and hair oils.
- ▶ Safe for use on whites, cotton, silk, wool, velvets, satin and all colorfast fabrics.
- ▶ Self-neutralizing. Active pH is 9.50; after 10 minutes on fabric the pH will neutralize to 6.50.
- ▶ Eliminates over-wetting and over-scrubbing.
- ▶ Prevents browning caused by pH.
- ▶ Excellent for use on silk or wool carpet and area rugs.
- ▶ This product does not contain Butyl Cellosolve.
- ▶ User safe.

CUSTOMER INFORMATION

Hypoallergenic when dry.
Does not leave residue; rinses completely.
Dissolves body, pet and hair oils.
Nontoxic. Biodegradable.
