**BACK BY POPULAR DEMAND**

## UPHOLSTERY CONCENTRATE

Our self-neutralizing **Upholstery Concentrate** label has returned!

Even though it is the same great formula as our popular **Upholstery PreSpray**, this product, *once again*, has its own label dilutions and instructions.

**This product will automatically neutralize from an optimum pH of 9.5, reducing to 6.5 within ten minutes.**

- Leaves fabric neutral and feeling soft
- Cleans & brightens any heavily soiled fabric or area rugs
- Thoroughly removes body, pet and hair oils
- Safe for use on whites, cotton, silk, wool, velvets, satin and all colorfast fabrics
- Best product for sisal, viscose, silk & cotton area rugs
- Leaves no soil attracting residue
- User safe, nontoxic, biodegradable
- Hypoallergenic when dry
